HOW IT WORKS

1

Go somewhere new.

A country counts once you've crossed the border and stayed long enough to remember it. Your rules.

2

Find its sticker.

Every country has its own sticker in the set: its outline, filled with its flag.

3

Stamp your passport.

Stick it in that country's spot and write the date you arrived.

4

Tick it off.

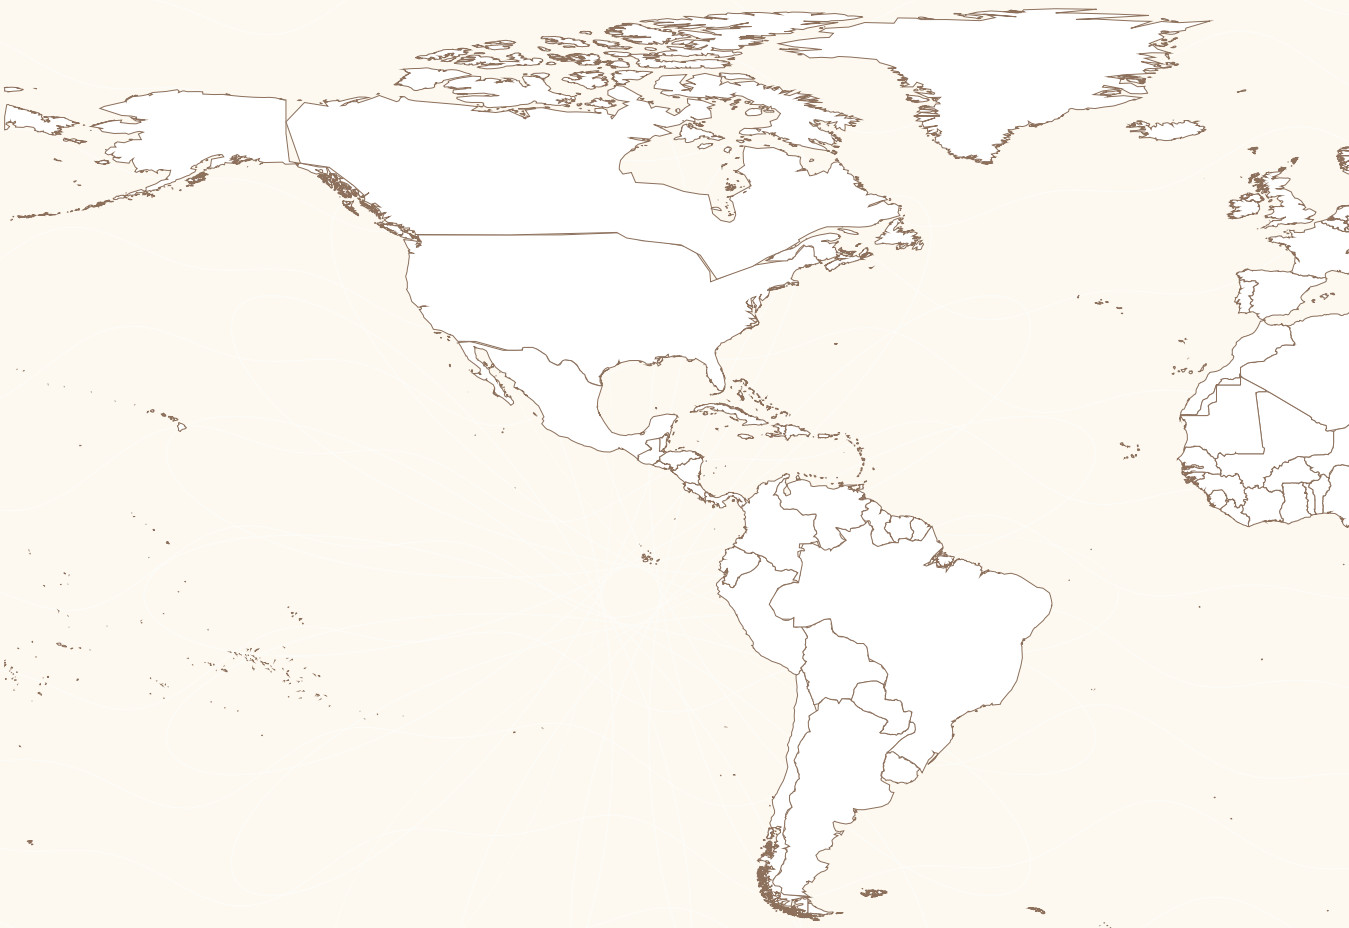

Colour it in on the map overleaf, and add it to My Passport online for free to see your map grow.
